

CareLocker

Take control of your health data with CareLocker

Sampurna Diagnostics has launched CareLocker, a new mobile application to store and access your medical scans.

View all your medical images easily on your mobile device

Store your medical data safely and securely in the cloud

Where possible, Sampurna can provide your doctor with digital access to your medical images. Ask your Sampurna contact for more details

No more need for physical copies of films – reducing waste, saving time and preventing damage/loss

CareLocker is available now.
Get your account today at your
local Sampurna Diagnostics Centre
